

FAVORITE CHILD

"Favorite Child's tight, energetic performance kept the audience riveted to the action on stage."

-Americana Highways, March 2024

BIOGRAPHY

David Graziano and Carol Campbell's latest spurious offspring, Favorite Child, blends Indie Rock Lumineers and The Decemberists with favorite feel-good Fleetwood Mac.

Stellar three-part harmonies, soaring guitar work and keyboards are the cornerstones of both their original music and covers.

Now with two albums of original music produced by Wammie-winner Marco Delmar (Emmet Swimming), they are destined to be considered your... Favorite Child.
